### Art Exhibit At 'Y' Banned Due To Nudes

The exhibition which began on Monday at the Y.M. C.A. of the oil paintings of Ariel Agemian has been closed to the public due to some of the Board of Directors of the YMCA objecting to eight nudes being included among the 33 pictures on display. The new location of the show will be announced shortly.

One YM official admitted that to his knowledge no youths had visited the show and the clergyman of one of the large Protestant churches said today it would help the youth to see the show as there was too much sub-rosa activity going on anyway. Harry Simon, 15 South street, recognized throughout the United States as the leading authority in the garment industry, said the study of anatomy is essential for an artist studying portraiture.
